Special Item Number (SIN) Descriptions

SIN 874-1/1RC: Integrated Consulting Services.

Contractors shall provide expert advice and assistance in support of an agency's mission-oriented business functions. Services covered by this SIN include: Management or strategy consulting, including research, evaluations, studies, analyses, scenarios/simulations, reports, business policy and regulation development assistance, strategy formulation, and expert witness services; Facilitation and related decision support services; Survey services, using a variety of methodologies, including survey planning, design, and development; survey administration; data validation and analysis; reporting, and stakeholder briefings; and Advisory and assistance services in accordance with FAR 37.203.

SIN 874-4/4RC Training

Contractor shall provide commercially-available off-the-shelf training, led by a qualified instructor. All materials are included in the offered GSA price. Sample courses may include

- Interpersonal Skills
- Introduction to Team Building
- Developing Self-Managed Teams

SIN 874-6/6RC: Acquisition Management Support.

Contractors shall provide support to agencies in conducting federal acquisition management activities, as follows: Acquisition planning assistance; developing acquisition documents, including quality assurance surveillance plans, statements of work, synopses, and solicitations; expert assistance in evaluating proposals; contract administration services; and competitive sourcing support, including OMB Circular A-76 studies, strategic sourcing studies, privatization studies, public-private partnerships, and Federal Activities Inventory Reform (FAIR) Act studies.

SIN 874-7/7RC: Integrated Business Program Support Services.

Contractors shall provide services to assist agencies in managing their mission-oriented business projects or programs and achieving mission performance goals. Services covered by this SIN include: All phases of program or project management, from planning to closeout; and Operational/administrative business support services in order to carry out program objectives

Administrative support services are authorized under this SIN; however, they must be provided in conjunction with other professional business services covered under this Schedule and must be performed under the supervision of the contractor's Project or Program Manager. Personal services as defined in FAR are prohibited under PSS.

RC – Recovery Purchasing authorized. This allows state and local governments' access to this schedule in time of a designated national emergency.

LABOR CATEGORIES

Senior Management Consultant

Minimum/General Experience: Ten (10) years of experience providing comprehensive business and management solutions. Must have strong writing and communications skills and the ability to interface with senior and executive management. Relevant experience may include, but is not limited to, acquisition support, business process analysis, application of PMBOK project management knowledge areas, functional or subject matter knowledge, proposal development, report preparation, auditing and contract administration. Master's degree is equivalent to two (2) years experience.

Functional Responsibility: Leads teams to develop business and management solutions. Develops documentation, white papers and proposals to communicate developed solutions. Prepares project schedules and develops project processes. May perform other duties as assigned.

Minimum Education/Training/Certifications/Clearances: Bachelor's Degree or other equivalent degree program (or an additional two (2) years general management experience and/or a Project Management Professional (PMP) Certification). Requires ability to obtain a SECRET clearance.

Graphics/Documentation Specialist

Minimum/General Experience: Requires five (5) years of experience. Relevant experience includes, but is not limited to, writing and editing project documentation and business processes. Documentation skills include use of graphics software.

Functional Responsibility: Duties may include writing and editing documents, manuals and training course materials. In addition, may include developing graphical representations of business processes.

Minimum Education/Training/Certifications/Clearances: Bachelor's Degree or other equivalent degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Management Consultant

Minimum/General Experience: Requires ten (10) years of experience managing large-scale projects, contracts, funds, and resources. This individual must have specialized experience in facilitation, training, methodology development and evaluation, process re-engineering across all phases, identifying best practices, change management, business management techniques, organizational development, activity and data modeling, or information system development methods and practices. Applies process improvement and re-engineering methodologies and principles to conduct process modernization projects. Duties include activity and data modeling, developing modern business methods, identifying best practices, and creating and assessing performance measurements. Provides group facilitation, interviewing, and training, and provides additional forms of knowledge transfer.

Functional Responsibility: Duties may include contract management, large-scale project management, and working with the customer to determine program requirements.

Minimum Education/Training/Certifications/Clearances: Bachelor's Degree or other equivalent degree program (or an additional two (2) years general management experience and/or a Project Management Professional (PMP) Certification). Requires ability to obtain a SECRET clearance.

Enterprise Architect

Minimum/General Experience: Fifteen (15) years of directly related experience designing and implementing business enterprises. Must understand process interactions, entity relationships, market dynamics, and entrepreneurial approaches required for successful enterprise development. Must be familiar with recognized Enterprise Architecture models, e.g., DODAF, FEAF.

Functional Responsibility: Develop, manage, and execute project management plans. Duties may include performing or leading architecture analysis and design, system development, defining systems and data architectures, providing technical direction, analyzing alternative designs, integration, and migration. Develop project-specific architecture products, i.e. impact assessments, blueprints, simulation, and performance measures.

Minimum Education/Training/Certifications/Clearances: Master's Degree or other equivalent degree program (or an additional two (2) years specialized experience). Requires ability to obtain a SECRET clearance. Certification in Enterprise Architecture (or an additional two (2) years general management experience).

Expert Consultant

Minimum/General Experience: Requires fifteen (15) years of experience in field of expertise (management, acquisition, etc.).

Functional Responsibility: Duties may include providing expert services and leadership in field of expertise. Serves as a senior advisor/analyst to customer's executive management team in a variety of capacities. Provides advice and expertise in competitive sourcing, outsourcing methods, value chain analysis, strategic planning, process improvement methods, change enablement and management, site-selection, and consolidation of operations. May serve as the project lead for either a contract or task. May serve as the primary customer point of contact for an activity.

Minimum Education/Training/Certifications/Clearances: Master's Degree or other equivalent degree program (or an additional two (2) years specialized experience). Requires ability to obtain a SECRET clearance.

Project Management Analyst

Minimum/General Experience: Requires eight (8) years of experience managing large-scale projects, contracts, funds, and resources. This individual must have specialized experience in

facilitation, training, methodology development and evaluation, process re-engineering across all phases, identifying best practices, change management, business management techniques, organizational development, activity and data modeling, or information system development methods and practices. Applies process improvement and re-engineering methodologies and principles to conduct process modernization projects. Duties include activity and data modeling, developing modern business methods, identifying best practices, and creating and assessing performance measurements. Provides group facilitation, interviewing, and training, and provides additional forms of knowledge transfer.

Functional Responsibility: Duties may include contract management, large-scale project management, and working with the customer to determine program requirements.

Minimum Education/Training/Certifications/Clearances: Bachelor's Degree or other equivalent degree program (or an additional two (2) years general management experience and/or a Project Management Professional (PMP) Certification). Requires ability to obtain a SECRET clearance.

Senior Financial Analyst

Minimum/General Experience: Ten (10) years of relevant experience. Relevant experience may include, but is not limited to strategic, business and action planning for the cost and schedule performance of programs.

Functional Responsibility: Support and analyze program schedule and performance data to integrate programs, maximize efficiency, and improve processes. Develop performance metrics and program baselines for process and productivity improvement and project performance monitoring. Support programs and projects by performing analyses of program management and support costs. Analyses include: Cost/Benefit Analysis, Total Ownership Costs Analysis, Life Cycle Cost Estimates, Earned Value and Activity Based Costing Analysis. Prepares documents to meet capital planning and investment control review requirements established by the Office of Management and Budget, including Circular A-11.

Minimum Education/Training/Certification/Clearances: Bachelor's Degree or other equivalent degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Financial Analyst

Minimum/General Experience: Eight (8) years of relevant experience. Relevant experience may include, but is not limited to strategic, business and action planning for the cost and schedule performance of programs.

Minimum Education/Training/Certification/Clearances: BS/BA and/or 24 semester hours business related studies

The Service Contract Act (SCA) is applicable to this contract. The following labor categories are applicable to the SCA; the others are exempt.

| SCA MATRIX | | |
|--------------------------------------|-----------------------------|-----------|
| SCA Eligible Contract Labor Category | SCA Equivalent Code - Title | WD Number |
| Management Technician | 01113 – General Clerk III | 05-2103 |
| Project Data Analyst | 01111 – General Clerk I | 05-2103 |

The Service Contract Act (SCA) is applicable to this contract and includes SCA applicable labor categories. The prices for the indicated SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the matrix. The prices offered are based on the preponderance of where work is performed and should work be performed in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

Prices for the SCA labor categories meet or exceed those in Wage Determination Number 2005-2103, Revision 12, dated June 13, 2012. XLA understands that the escalation for the SCA labor categories will be governed only by one method: escalation based on clause 52.222-43, Fair Labor Standards Act and Service Contract Act – Price Adjustment (Multiple Year and Option Contracts).

Special Item Number (SIN) Descriptions

Has worked at the executive level (Director or "C" level) in business or government (SES). Generally manages multiple projects and is PMP certified.

Minimum Education/Training/Certifications/Clearances: Bachelor's Degree

Experience versus Education – For All PSS Labor Categories

The criteria for experience substituted for education are as follow:

- One (1) year of experience beyond the minimal experience requirement is equivalent to an Associate's degree.
- Four (4) years of experience beyond the minimal experience requirement is equivalent to a Bachelor's degree.
- Two (2) years of experience beyond the minimal experience requirement is equivalent to Master's degree.

First Example: A requirement for an Associate's degree and two years of experience could be satisfied by three years of experience.

Second Example: A requirement for a Master's degree and six years of experience could be satisfied by a Bachelor's degree and eight years of experience.

Third Example: A requirement for a Master's degree and six years of experience could be satisfied by twelve years of experience.

The criteria for education substituted for experience is as follows:

- Bachelor's degree is equivalent to five (5) years of experience.
- Master's degree is equivalent to two (2) years of experience.

First Example: A requirement for five years (or less) of experience and no degree could be satisfied by a Bachelor's degree.

Second Example: A requirement for a Bachelor's degree and six years of experience could be satisfied by a Master's degree and four years of experience.

Further, it is recognize that, on occasion, there may be a need to waive the requirements in order to use the best individual for the task. Therefore, waivers to the education/experience requirements may be granted by either the task order contracting officer or contracting officer technical representative. If such a waiver is included in our proposal, award of said proposal shall be deemed a grant of the waiver.
